COACH FEEDBACK

IS - 1st AB: 2-1 count, just missed it, 90 EV fly out to RF. 2nd AB: Great swing on 0-0 FB, hard LD 94 EV to RF. 3rd AB: 0-0 CH down and away, out front. Not your pitch to drive early in the count. Fly out to RF 62 EV. 4th AB: 2K single, jammed, 61 EV. Solid swing on 2-1 SL. Just missed. Good job battling and putting the ball in play with 2K on SL.

Rutgers - 1st AB: Hard line drive to LCF on 0-0 breaking ball. Way to be prepared to do damage early in the count.
2nd AB: Pop-out to SS. Really liked the aggressive 0-0 swing on the FB.
3rd AB: Hard line drive to center field. Great swing and very good 2K approach allowing the ball to travel.
4th AB: Big time at-bat and swing. Hard line drive to LF for home run on 2-1 CH.

DEVELOPMENT PLAN

PRIMARY FOCUS Chasing CH down from LHP. Just missing fastballs away or up. Keep barrel working through hitting zone.

SECONDARY FOCUS

PRACTICE PLAN / DRILL WORK Angle work from open side away. Challenge work with iPitch and BP Mix. Make it game-like.
